The Owner of each Residential Site shall also have the right, subject to other provisions of the Community Declaration and this Supplemental Declaration covering architectural approval of Improvements, to construct, keep and maintain landscaping, air conditioning units and equipment and similar equipment over, across or upon any utility easements along the side of a Residential Site (other than along any side of a Residential Site which is adjacent to a street right-of-way) and shall be entitled to cross such utility easements at all times for the purpose of gaining access to his Residential Site.

Section 6.4. No Liability to Owners. Neither the Declarant or Association, nor their successors or assigns, shall be liable to the Owners for any damage done by any utility company or any of their agents or employees to shrubbery, trees, flowers or other property of any Owner situated on a portion of a Residential Site covered by a utility easement.

ARTICLE VII

ANNEXATION OF DEVELOPMENT LAND

Section 7.1. Further Development. Reference is hereby made to the fact that Declarant, and certain affiliates of Declarant or Declarant's general partners, currently own other tracts or parcels of land situated within the Project Area or may hereafter acquire other land within the vicinity of the Project Area (which land now owned by Declarant or hereafter acquired by Declarant is collectively herein referred to as the "Development Land"). It is currently contemplated by Declarant and the aforementioned affiliates that a portion of the Development Land will be developed in various stages or phases for residential purposes; however, the foregoing is only a current intention and is subject to change without notice. It is also the present intention of Declarant and such affiliates that if such development occurs, mutual easements (including utility easements), licenses and rights shall be granted for the benefit of the Association and Owners of Dwelling Units in the Project, and the present and future owners and tenants owning or leasing improvements in any developments now or hereafter constructed on the Development Land. In order to effectuate such intentions, certain easements are herein retained and granted, and provision is made for certain rights to be granted to the Association or the

Owners to acquire easements and rights with respect to current and future development on the Development Land. From and after the date hereof until the Election Date, Declarant shall retain and have the power, without the consent of any other Owner or the Community Association, to annex portions of the Development Land into the Fifth Subdivision provided that the property so annexed is to be developed in a manner similar to the Fifth Subdivision in accordance with a general plan of development under which (i) the architectural standards prevailing within the Project Area will be continued in such annexed property, (ii) the type of Dwelling Units to be constructed in such annexed property will be similar or greater in value and cost to the Dwelling Unit in the Project Area, and (iii) the annexed property will become subject to assessment in the same manner as is prevailing for the Project Area. Declarant shall also be entitled to annex portions of the Development Land into the Fifth Subdivision after the Election Date, without the consent of any other Owner or the Community Association, provided that the first annexation proposed by Declarant subsequent to the Election Date is effected prior to the third annual anniversary of the Election Date, as extended by Excusable Delays, and any subsequent annexation proposed by Declarant is effected prior to the third annual anniversary of the Recordation of the most recently Recorded Supplemental Declaration annexing a portion of the Development Land into the Fifth Subdivision, as extended by Excusable Delays. If Declarant desires to annex portions of the Development Land into the Fifth Subdivision at any time after the third annual anniversary of the Election Date or the third annual anniversary of the Recordation of the most recently Recorded Supplemental Declaration annexing a portion of the Development Land into the Fifth Subdivision, Declarant shall be entitled to annex such Development Land into the Fifth Subdivision with the written approval (by written instrument or written ballot) of those Members holding not less than sixty-seven percent (67%) of the voting power within the Association (exclusive of the voting power of the Declarant). However, any annexation subsequent to an annexation approved by such Members shall not require the vote of the Members described in the preceding sentence if such annexation occurs prior to the third annual anniversary of the Recordation of the most recently Recorded Supplemental Declaration annexing a portion of the Development Land into the Fifth Subdivision, as extended by Excusable Delays. The additions authorized under this Section 7.1 shall be made by filing a Supplemental Declaration of record with respect to the property to be annexed into the Fifth Subdivision. Such Supplemental Declaration may contain such complimentary additions and modifications of the covenants and restrictions contained in this Supplemental Declaration as may be necessary to reflect the different character, if any, of the additional property and the Improvements to be constructed thereon. In no event, however, shall such Supplementary Declaration revoke, modify or add to the covenants established by this Supplemental Declaration with respect to the property described on Exhibit "A" attached hereto.

Section 7.2. Easements and Rights Presently Reserved.

Declarant hereby reserves unto itself, its successors and assigns, a nonexclusive easement and right-of-way for ingress, egress and parking over, across and through all streets and roadways (private or otherwise) shown on the Plat, said easement and right-of-way to expire on the Election Date, if Declarant has not, prior to such date, annexed portions of the Development Land into the Fifth Subdivision.

Section 7.3. Obligation to Grant Reciprocal Rights.

Declarant may, from time to time, assign one or more of the easements set out in this Article VII to such persons or entities as it desires, including but not limited to an owner's associations, but in no event to any person or entity that does not have an interest in a tract or parcel of land situated within the Development Land, it being intended that the right to use such easements be limited to parties residing on or using the Development Land or the Project, and their guests and invitees. No assignment of any such easement or easements shall be made unless concurrently therewith the parties, or representatives thereof, who are being granted such rights also grant to the Owners in the Fifth Subdivision or the Association a reciprocal easement or easements with respect to any similar facilities, if any, owned by such parties and located on the Development Land, or any part thereof. Subject to all of the provisions of this Article VII, Declarant and its successors and assigns may make multiple nonexclusive assignments of the easements herein granted to it.

Section 7.4. Allocation of Expenses. If any of the easements and rights granted by this Article VII are assigned to other entities or persons in connection with developments on the Development Land as set out in Section 7.2 above, all such assignments shall provide that the assignees thereunder shall bear their proportionate share of the costs of maintaining, using and operating the street, road, recreational facility or other facility, as the case may be, as to which such right is granted. Such sharing of costs and expenses shall be based upon the actual costs of ownership, operation and maintenance of the facility in question, and shall be borne pro rata by all persons having the right to make use thereof based upon the number of Residential Sites or other residential units owned or leased by such assignee and the number of Residential Sites having said rights. The time of payment of such costs, and the methodology of ascertaining same, shall be specified in the instrument from Declarant or its successors and assigns to its assignee and shall be binding upon the Owners and the Community Association and such assignees provided that the cost allocation shall be based upon the basis as hereinabove provided or some other equitable basis.

Section 7.5. Authority of Board. The Board shall have, and is hereby granted, the necessary and requisite authority to enter into such cross-easement and cross-use agreements, or other agreements howsoever designated, as may be necessary to effectuate the intents and purposes of this Article VII.

Section 7.6. Development Land. This Supplemental Declaration, including without limitation this Article VII, shall have no force or effect and shall not constitute any encumbrance with respect to the Development Land or any part thereof. Reference is made herein in this Article VII to the Development Land solely for purposes of describing certain reciprocal easements and other rights that may hereafter arise as between the Project Area and the Development Land and limiting the parties to whom the easements hereby reserved with regard to the Project may be assigned. No easements or rights are hereby granted or reserved as to the Development Land, and no easement or other right referred to in this Article VII with respect to the Development Land or any part thereof shall be of any force or effect unless set forth in a document executed by the owner or owners of the part of the Development Land to be subject to such right or easement, which document, or a memorandum thereof, is hereafter recorded in the office of the Clerk and Recorder of Galveston County, Texas.

ARTICLE VIII

GAS SERVICE

Section 8.1. Gas Service. Entex, Inc. has agreed to provide natural gas service to all Residential Sites, provided certain minimum usage is made of such service. Pursuant to the contract providing such service, all Dwelling Units shall have a minimum of gas water heating, and gas central comfort heating, or pay a non-utilization fee. If, however, any Dwelling Units completed in the Fifth Subdivision do not utilize both gas water heating and gas central comfort heating appliances, then the Owner of such Dwelling Unit at the time of constructing such Improvements shall pay to Entex, Inc. the non-utilization of gas facilities charge set by Entex, Inc. for such Dwelling Unit. This non-utilization charge shall be due thirty (30) days from completion of such Dwelling Unit. In the event this non-utilizing charge is not timely paid by the Owner of the non-utilizing Dwelling Unit, after demand is made for such payment, the Declarant or the Association may, at their option, pay such charge and the payment so made, if any, shall subject such Dwelling Unit to a Reimbursement Assessment.

ARTICLE IX

FIRST AMENDMENT
TO
SUPPLEMENTAL DECLARATION
FOR THE
FIFTH SUBDIVISION
OF
SOUTH SHORE HARBOUR COMMUNITY ASSOCIATION, INC.

This First Amendment to the Supplemental Declaration is made as of this the 15th day of October, 1985, by South Shore Harbour Development, Limited, a Texas Limited Partnership ("Declarant").

P R E A M B L E:

A. Declarant is the Owner of that certain real property described as the First Subdivision in that certain Supplemental Declaration for the Fifth Subdivision of South Shore Harbour Community Association, Inc. (the "Supplemental Declaration"), which is recorded under County Clerk's File No. 8447778 and Film Code No. 003-39-2089 in the Official Public Records of Real Property in Galveston County, Texas.

B. Declarant, the Owner of all property located within the Fifth Subdivision, desires to modify the Supplemental Restrictions as hereinafter set forth.

Therefore, Declarant hereby modifies the Supplemental Declaration as follows:

Section 5.4 is amended to reduce the front set-back line from twenty-five (25) feet to twenty (20) feet and Section 5.4 shall hereafter read as follows:

"Section 5.4. Building Set-Back Lines. No Improvements shall be located on any Residential Site nearer to the front property line than twenty (20) feet. Subject to the provisions of Section 5.5 hereof, no Improvement shall be located nearer than ten (10) feet to the rear property line or to any street side property line. For purposes of this Section 5.4 and other provisions of this Supplemental Declaration, the "front property line" is the common boundary of any Residential Site with a street, and in the case of a corner lot (with a common boundary on two streets or one street and a cul-de-sac) the boundary from which the Improvement set-back distance is larger. All Dwelling Units built in the Fifth Subdivision shall face the front line of the Residential Site on which each such Dwelling Unit is built unless a deviation from this provision is provided by a specific provision of a Supplemental Declaration or unless the deviation is approved in advance in writing by the Architectural Committee.

The term "Improvements" as used in this Article V shall not include concrete drives, walks, landscaping, air conditioning units, fences, eaves, ducts and unroofed terraces; provided, however, in no event shall any portion of the Improvements on a Residential Site encroach upon another Residential Site.

The Architectural Committee shall have the right to grant exceptions or variances to the building set-back lines shown on the Plat when doing so will not be inconsistent with the overall plans for development of the Fifth Subdivision and such exceptions or variances are permitted by law."

IN WITNESS WHEREOF, Declarant has executed this First Amendment to Supplemental Declaration for the Fifth Subdivision of South Shore Harbour Community Association, Inc., on this the 15th day of October, 1985.
